1. Welcome & Announcements

a. Introductions

b. Jan Peterson has draft of PC data elements and sources. Will distribute to group.

2. Working Session

a. Update-College Student Survey for Preschool Collaborative

June 20, 2007

- i. Data has been collected and is currently with Anne and Susie V.
- ii. Data entry file is developed.
- iii. UW SB6 Vista volunteer can do data entry.

iv. Action items

- 1. Anne B will get surveys to Roseann
- 2. Sharon will email excel file to Roseann
- 3. Data entry will be complete by June 29.

b. Identifying the “cost of quality” (Roseann)

- i. No data yet available. Michelle Berelowitz is the consultant and report is not yet produced.
- ii. Leadership Committee is not meeting until September 18, so data will not be released until after that
- iii. Limor will check on Children and Families Commission survey of the cost of quality in School Readiness Initiative Programs and the Power of Preschool Expansion Projects.

3. New Discussion Topics:

a. Program Dimensions and Indicators for Preschool Planning meeting June 26

i. Committee Recommendation:

- 1. Develop plan to fund a county GIS system that can be updated by OCDE or other data sources on a regular, ongoing basis.
- 2. Possible funding: OC Developer Fees available to SSA & OCDE
- 3. Goal is similar to UW SB6 or Healthy Cities, but including preschool planning local data

ii. What program dimensions will workgroups specify?

June 20, 2007

Workgroup Goals (Program Dimensions)	Indicators
<p>1. Have in place a coordinated GIS system containing both demographic and ECE data that is updated on a regular, ongoing basis and accessible via the internet for county planning purposes</p>	<p>a. Funding is identified b. Data is validated</p> <ul style="list-style-type: none"> • Multiple data sources used when possible • User groups check reliability • Data elements are standardized and collected in a coordinated manner across different agencies <p>c. Holder of system is identified d. Accessibility is maintained for public</p> <ul style="list-style-type: none"> • Web access is publicized and available • Interface is interpretable for unfamiliar user • Stakeholder groups are identified and appropriateness of data and data system for those groups is assessed • Both data tables and maps can be produced
<p>2. Identify essential data elements for preschool planning and development</p>	<p>a. Ensure all PPC Workgroups’ requirements are met b. Include information to clarify needs for potential funders and policy makers c. Planning Council’s needs assessment mandate d. Reporting requirements for state and federal programs e. Existing data sources are identified</p> <ul style="list-style-type: none"> • Knowledge Neighborhood • AskCHIS • Existing UW SB6 database • Existing need data • CHS • Community Care Licensing (including violations) • Orange County Head Start • NAEYC Accreditation • UW Quality Rating System <p>f.</p>

June 20, 2007

<p>3. Identify stakeholders in preschool planning process</p>	<p>a. Must include relevant groups for all data collection and analysis purposes</p> <p>b. Include</p> <ul style="list-style-type: none"> • Families • Consumer groups • Policy makers • City, county, and state governments • Early childhood educators/providers • School readiness coordinators • Family child care • Funding agencies • OCDE & school districts • Residential and commercial developers •
<p>4. System/process produces maps/tables that are disseminated to build community support and activity</p>	<p>a. Products are distributed on a regular basis to legislators, policy makers, and advocates to build public support</p>

b. Next meeting: August 22 from 11 AM to 1 PM in OCDE Studio 6
