

# Early Implementation Opportunities

Orange County  
Preschool Planning Collaborative  
October 23, 2007

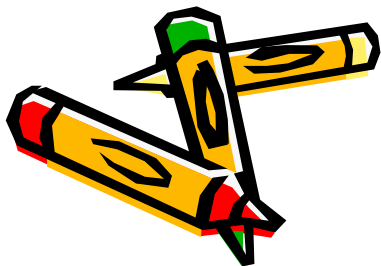

# Early Implementation Opportunities

1. Creating a system for compiling annual data on preschool enrollment and unmet need

3.5

Very Feasible

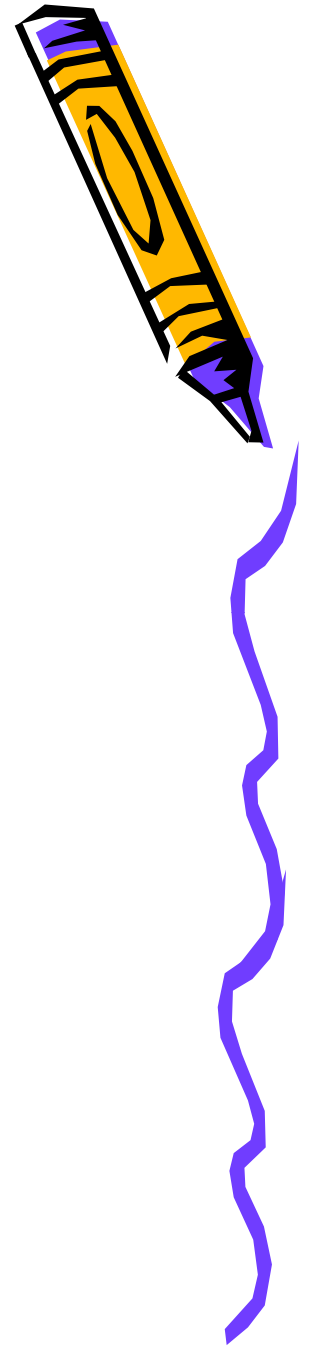

# Early Implementation Opportunities

2. Designing an Articulation and Alignment Process and Handbook for Orange County school districts and the preschool provider community

3.1  
Feasible

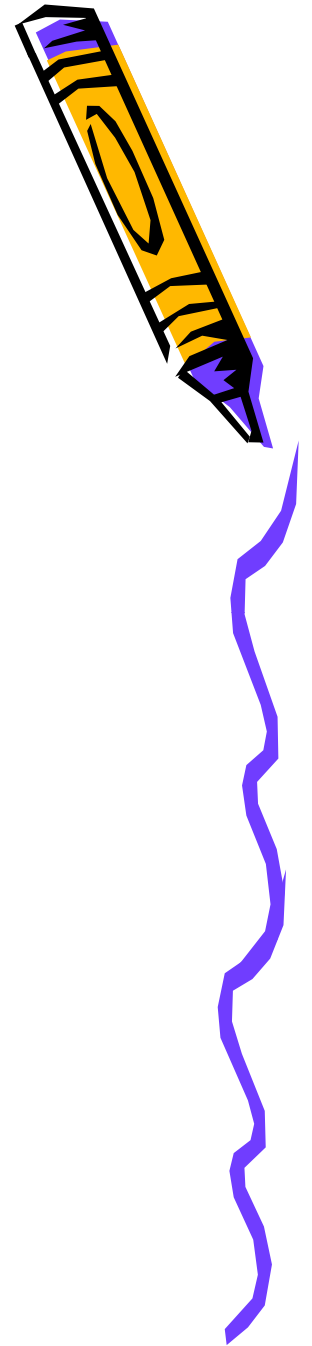

# Early Implementation Opportunities

3. Collaborating across organizations and fields to provide parent education messaging campaign through multiple media, based on collaboration across organizations and fields

3.1

Feasible

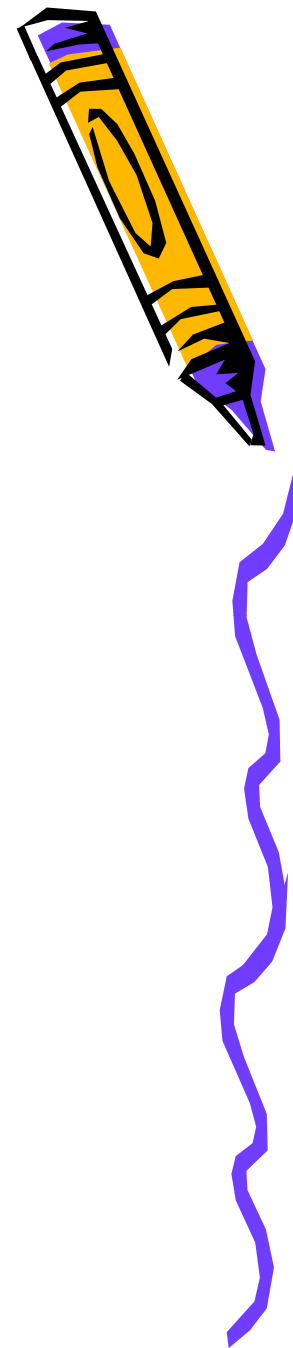

# Early Implementation Opportunities

4. Establishing a countywide preschool quality rating system accessible to private and publicly funded preschool providers that is funded externally or funded by a combination of external funding and provider fees

2.6

Not Sure

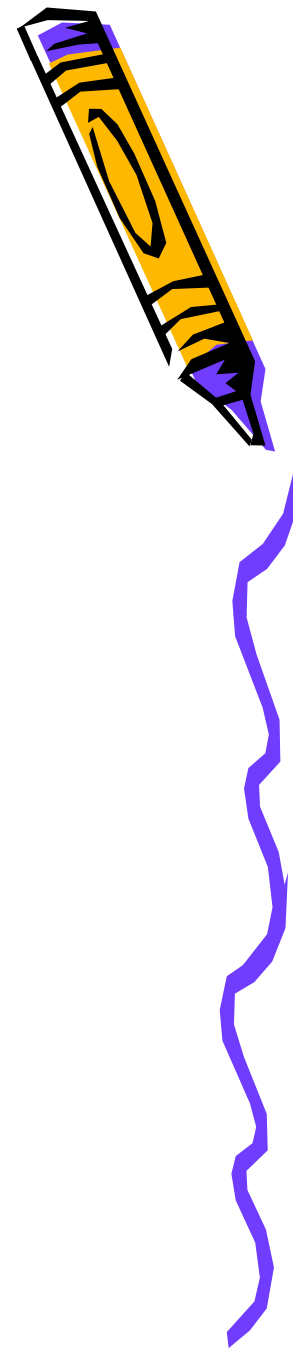

# Early Implementation Opportunities

5. Opening new preschool facilities in a few targeted communities through leveraged or diverse funding sources

3.0

Feasible

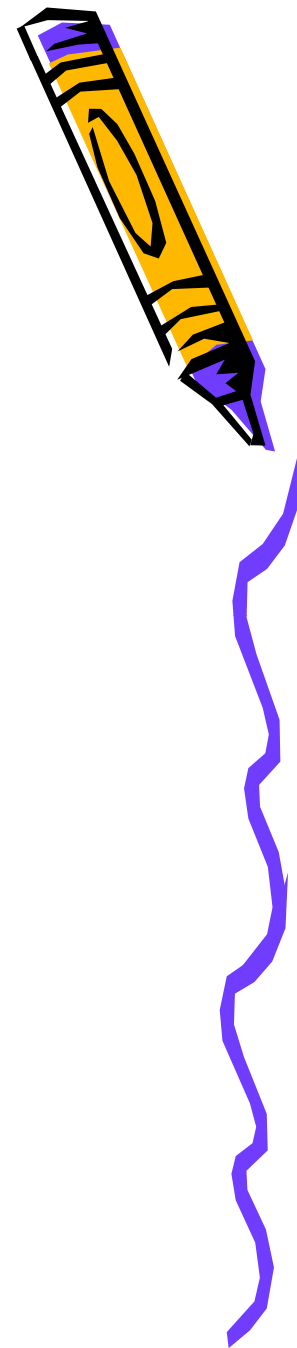

# Early Implementation Opportunities

6. Developing a few “Centers of Excellence” that will attract K-12 quality teachers and provide comparable levels of compensation and benefits

2.9  
Feasible

# Early Implementation Opportunities

7. Developing a few “Centers of Excellence” that provide their existing workforce with financial incentives (Salary, stipends or tuition/books) to return to school and obtain their B.A.

3.0

Feasible
