

Program Quality and Monitoring

Mission

Provide every program with the opportunity to implement standards of quality

Challenges

- Multiple languages & Cultures
- Funding
- Inclusion philosophy

Resource requirements

- Money
- Qualified multi-lingual workforce
- Training modules
- Assessment tool
- Coaches/mentors
- Fiduciary agent or lead agency
- Sustainability
- Research/development & coordination with existing resources
- Group Analysis

Vision

- Every ECE program meets or exceeds the agreed upon community standard of quality
- Quality is integrated with all other work groups
- Quality guiding principals for best practices are established: ELL, special needs
- Program assessment system supported
- Program improvement system available & supported
- Continuous progress for growth & improvement supported
- Community is aware & understands quality standards

How do we get there

1. Establish "Standard of Quality"
2. Quality assessment tool
3. Resource mapping
4. Package the program
5. Disseminate information
(Programs, Parents, Community)

Value to: Children, Families, Program Staff, Community and beyond...
